

Sport Facilities Fund Deadline

A decision has been made to push the deadline for applications back to 1st May for 2018 only; there will still be a 1st September intake. The application process will be live from 08 March but we would like to give those looking to apply to the first round a bit more time to complete the process without being rushed.

We do expect a large number of applications in this round and with a limited budget we encourage you to speak to a **sportscotland** Project Manager about your application prior to submitting if you have not already done so.

The first round will also be the only time that we accept all applications, from this round onward projects over £250,00 will require to go through the two stages process outlined in the guidance.
