### **Tackling Alcohol Related Harm Invites Applications**

Grants of up to £25,000 are available to support and develop a range of projects/initiatives which deliver targeted interventions designed to tackle alcohol-related harms across three themes: young people (aged under 18 years); families; and communities.

The Fund particularly welcomes applications from new/innovative or pilot initiatives which aim to test new approaches within these themes and which will offer learning that others can use. Applications from existing projects which can demonstrate success in reducing harm are also welcome.

Funding is available for the following:

- Preventative projects that aim to reduce alcohol-related harm within communities, families, and young people aged 18 and under.
- Projects that aim to educate people and communities about the dangers and consequences of misusing alcohol.
- The development of new, innovative projects designed to reduce alcohol-related harms.
- Pilot projects that will test out new initiatives and ideas designed to promote responsible attitudes to alcohol consumption and prevent alcohol-misuse.
- Projects that promote alternative leisure and lifestyle choices for adults and young people to prevent alcohol-misuse.

Constituted voluntary or community groups, registered charities, Scottish Charitable Incorporated Organisations (SCIO), Social Enterprises, Community Interest Companies (CIC), not-for-profit organisations and statutory bodies in Scotland are eligible to apply to this fund through Foundation Scotland which is managing the fund.
