

Hello everyone

My name's Andrew McLinden and I'm a Macmillan Cancer Support Project Manager. I'm currently working with Renfrewshire Council to deliver a new service in the area called 'Improving the Cancer Journey' (ICJ). The service will launch in early 2020. I can go into greater detail about the service if required but just to summarise:

- The service is already live in Glasgow, Fife, Dundee and West Dunbartonshire;
- Renfrewshire will be the fifth local authority area in Scotland where the service will become available;
- When the service goes live, every person in Renfrewshire with a new cancer diagnosis will be offered the opportunity to engage with one of our ICJ link workers;
- Link workers will be able to help patients access money and debt advice, housing support, information as well as access to a range of other services.

I'm keen to meet as many colleagues in Renfrewshire as possible to discuss the project and to explore ways in which links can be developed between agencies. I'm happy to attend meetings, deliver presentations or meet with people on a one to one basis so just get back to me if you'd like more information on the project.

My contact details are:
