

Renfrewshire Cultural Programme Forum - 28 February

I would like to take this opportunity to introduce myself, I started working at Renfrewshire Council in October 2018 as the Strategic Lead for Cultural Regeneration. My job is to work with partners to build from the success of the UK City of Culture bid to continue the ambitious plans for Paisley's cultural regeneration and to develop cultural opportunities across Renfrewshire.

Events and cultural programming is a key part of the wider cultural regeneration approach that we are developing and as such I will start to chair the Programme Development Group and will work closely with the Marketing, Communications & Events team on this. We are proposing that we change the name of the group to **Renfrewshire Cultural Programme Forum** and to refresh the terms of reference slightly - we can discuss this at the next session.

We are hosting the next session from **10am-12pm on Thursday 28th February 2019 at 5a High Street, Paisley**

We look forward to seeing you all then, we will send out an agenda nearer the time. Meanwhile, please do let us know if you can attend by emailing jacqui.campbell@renfrewshire.gov.uk
