

Keep Safe Survey

There are now over 250 Keep Safe places across Scotland, and this number is continuously growing with help from key partnerships with Police Scotland, the Scottish Courts, the Crown Office and Procurator Fiscal Services, and other local authorities. The most important partnership of all, however, is the partnership we have with our Keep Safe Places. You are helping to make Scotland a safer place for anyone who may be feeling vulnerable.

To help us improve and monitor the Keep Safe initiative, we would greatly appreciate it if you could fill in a feedback survey.

Please [CLICK HERE](#) to view the survey or follow this link: <https://www.surveymonkey.co.uk/r/FNK8QVW>

Alternatively, you can print the survey and post it to us at the address below, or you can request a hard copy to be sent to you with a prepaid return envelope. The information we gain from the survey is absolutely vital for us as the initiative continues to expand across Scotland.
