

Action on Elder Abuse (AEA) Scotland

Action on Elder Abuse (AEA) Scotland would like to find out about older people's awareness of the support available for those affected by harm or abuse. This will help us find out if more needs to be done to help those who find themselves in a harmful situation.

We'd like to hear from as many older people as possible, even if they haven't experienced harm or abuse. This will help us understand older people's awareness of the support available. We'd also be interested to hear from those who know what support is available, but didn't report what happened to them.

We hope this survey will take less than a minute to complete and can be found at:-

<https://www.surveymonkey.co.uk/r/YSW73FV>

The responses will remain completely confidential.

Please can you forward the link to the survey to as many older people as possible. Paper versions are also available if you contact our Services Coordinator Brian (brianrapley@elderabuse.org.uk)

Thank you for completing this survey.
