

Children & Vulnerable Adults Insurance Workshop

30th January 2018

1.00am to 4.00pm

Engage Renfrewshire

Paisley

If your organisation provides direct care and support for Children and/or Vulnerable Adults, have you got the correct insurance cover in place to protect you now and also into the future?

This workshop will highlight the main features that Insurers take account of when considering risks prior to offering cover and also will look at the way in which cover is written including claims basis.
