

# LET'S GET TOGETHER

## What matters to you?

Are you a Move More participant or Library Volunteer in Renfrewshire?  
Have you or someone close to you been affected by cancer?

We will be launching a new cancer support service in Renfrewshire in 2020, called Improving the Cancer Journey. We want to hear your views and experiences to help us shape the new service before it launches.

Please drop in on Monday 29th April, 11-1pm, King George V Pavilion, next to Renfrew High School, to hear about the service and share your experience.

Please bring along a friend or family member affected by cancer.

Sandwich lunch and reasonable travel will be provided.
