

Along with a number of TSI representatives and others, SCVO is a member of [Scotland's Third Sector Governance Forum](#) and was involved in helping to develop [The Scottish Governance Code for the Third Sector](#).

SCVO is committed to helping embed the Code as a standard of best practice and our Information Officer, Tracey Bird (who was part of the Code development team) has gone on to develop [SCVO's new Good Governance Checkup](#)

This practical tool has been designed to use in conjunction with the Code to help trustees review their governance. Boards can use it to identify areas for improvement and record their journey to good governance.

If you have any comments or feedback about the content of the Checkup, we'd love to hear from you so we can continue to improve the resource. You can contact Tracey at tracey.bird@scvo.org.uk with your thoughts.

We are also working on an interactive online version of the Checkup that we aim to have ready later in the year. We will let you know when that is available for use.

Ann Rowe
