

EP SPACES: RENFREWSHIRE

Affordable temporary
workspaces for creative people

What could you use it for?

We have acquired a range of retail, office, and storage spaces for creative people on a temporary basis. These spaces can be used for a range of creative activities including research, production, presentation, teaching, and storage.

EP Spaces invites notes of interest from artists, creative practitioners, collectives, performing artists, local festival partners, and charities in Renfrewshire and the surrounding area who can use the spaces for creative purposes. Each space will be entirely self-managed.

EP Spaces is supporting the creative community by providing spaces at very low cost, transforming and animating each location into a creative hub. Spaces will cost £50 per month. To apply, register as an EPS Associate Member of Edinburgh Printmakers (£10 per annum).

If you do not already have Public and Products Liability (PPL) insurance, we recommend you take out an A-N membership for £38 per year.

Please note this is temporary rental only. Minimum rental is one month. No commercial sales are allowed at any of our EP Spaces sites although sales can be made online. Notice period is 3 weeks.

Most spaces have lighting, electricity, running water, a kitchen, and toilet. Personal furniture, equipment, exhibition dividing boards and materials can be brought in and stored at your own risk. Each space has different levels of accessibility. EP Spaces Renfrewshire are available from September 2018.
