

Grants

Tap Water Awards is a grants programme that aims to help schools provide access to mains drinking water on campus while reducing the use of plastic bottled waters. Grants are available for between £300 and £3,000.

Who can apply?

- universities
- schools
- colleges

What kinds of projects are eligible?

The Tap Water Awards programme aims to help schools significantly reduce our reliance on single-use plastics and the amount of plastic waste the UK generates. This is achieved by supporting schools install mains fed drinking water machines and using reusable bottles. We encourage reducing educational establishments dependency on expensive plastic bottled water shipped thousands of miles.
