

## Introduction to Google Home and Echo Dot

WHEN: Monday, 21 May 2018  
11:00 AM – 1:00 PM

WHERE: Engage Renfrewshire

Google Home and Echo Dot are two of the new “Digital Home Assistants” that have appeared on the market.

They are great devices for people who want to access online information but have issues using a computer or tablet, or who can't use a keyboard. These devices can also be used to control items in your home (if you have the right accessories).

Find out more about these devices, how to set them up and see how they compare.

Useful for Digital Champions in organisations.
