

The Scottish Government Fair Food Fund

The Scottish Government Fair Food Fund is reopened if anyone is interested in a food related project which moves people away from emergency food aid. The closing date for applications is 18 July and applicants must meet the 4 principles for a more dignified response to food poverty.

- That **people with direct experience of food poverty help shape and deliver the service or solution.**
- That projects **recognise the social value of food and aim to build community** around food to create the feeling of a place where people choose to go, rather than have to go.
- That projects **provide opportunities for people to contribute**, for example, through volunteering in different roles, sharing and learning new skills, growing food and participating in local community life.
- That projects **ensure that, as far as possible, people are able to choose what they eat**; that the choice should include fresh and healthy food, and that where people can pay something for their food they have the dignity of being allowed to do so.
