Due to an increase in demand for our service, RAMH are developing their Housing Support Services and are looking for innovative and enthusiastic Support Assistants.

We provide support to individuals to maintain and develop their home and community life. Support is provided to individuals in their own home or 24 hour supported tenancies.

You must enjoy working with people with mental health issues and be committed to helping them achieve their outcomes. RAMH have an excellent reputation for delivering quality person centred services that focus on recovery outcomes and have been graded 'excellent' by the Care Inspectorate. You will need to be a good team player with good written and verbal communication skills as you will be required to record the outcomes you achieve with individuals on a daily basis. Excellent flexibility in working hours is essential as evenings, weekends and sleep-overs are required.

Regular training and development is available and the opportunity to contribute to a large motivated team.
