

Barshaw & Robertson Park Surveys

My name is Neil Cameron, I am a Parks Development Officer with Renfrewshire Council. I am getting in touch to make you aware of a community consultation that we are running about the regeneration of Barshaw Park and Robertson Park. We are currently exploring external funding opportunities for both parks, and as part of this process we are reaching out to groups who might have a stake in how the parks are developed in the future.

A survey is running on the council website that assesses how the parks are used and how they could be improved. You can find the **Barshaw Park survey** [here](#) and **Robertson Park survey** [here](#). If you think your network might be interested in voicing their opinion, please share the surveys by any means that you have available. The surveys will run until 30th September, and the more feedback we get the greater understanding we will have of what the community needs.

If you are interested in being involved in any future consultations about the regeneration of either park, please let me know and I will keep you up to date. Do not hesitate to get in touch with any questions that you might have about the project.

Regards,

Neil Cameron
