

## **Call on the UK Government to fix Universal Credit to prevent more people going hungry**

We all rely on the welfare safety net being there for us in times of financial stress or hardship. But Universal Credit is currently failing in this task.

In areas where Universal Credit has been rolled out, foodbanks and other food aid providers report a surge in the numbers of people pushed into greater debt, destitution and hunger as a result of delays, errors, a lack of flexibility and adequate support.

The first link is a report "Fix Universal Credit" endorsed by End Hunger UK members: Child Poverty Action Group; Church Action on Poverty; The Church of England; First Steps Nutrition Trust; The Food Foundation; Independent Food Aid Network; Nourish; Sustain and the Trussell Trust.

The second is a petition requesting that the Government fix Universal Credit to Prevent More People Going Hungry.
