

Renfrewshire Dementia Strategy Consultation

Our vision is for Renfrewshire to be a place where people with dementia and those who care for them have access to timely, skilled and well coordinated support. This support would be offered from diagnosis to end of life and would help achieve meaningful outcomes.

We would like to ask your opinion on dementia and how you think it affects people, families and communities. Your valued contribution will help us to develop a Renfrewshire Dementia Strategy and an action plan which will help improve services throughout Renfrewshire.
